

# 3CX Add-Ons

The Power of one.

## Product Overview

Discover 3CX Add-Ons, the premier TELIN solution meticulously crafted in-house and curated for partners, by partners. With the importance of seamless integration and enhancing end-customer experiences, 3CX partners can rely on our Add-Ons store, brimming with applications designed specifically to augment the 3CX phone system and streamline daily operations.

Explore our Add-Ons store first for any third-party applications you seek to integrate, or to discover solutions that make your end customers' lives easier.

Can't find what you need? We're eager to collaborate with partners to expand our store, ensuring you always have access to the tools you require. And with our simple monthly cost structure, managing your communication enhancements has never been easier.

## Pricing

### Standard Fee Schedule

Our subscription service operates on a straightforward flat monthly fee structure, determined by the size of your 3CX license. With just one fee per license, gain full access to every application currently offered in the TELIN store. \*This product is available in the USA, Canada, Australia, and New Zealand.

### Adding New Applications

Looking to expand the offerings? TELIN welcomes your input. If you wish to add an application not currently available in our store, we're here to accommodate. Your commitment remains straightforward

For any questions or clarifications, please reach out to us.
